THE POWER OF **CONNECTED**

## **R-Series**

Wiring Devices

The launch of the all new R-Series range sees Honeywell continue with its core traditions of providing high quality, safe and reliable wiring devices.

### High on aesthetics

The R-Series range is designed with curved profiles to offer a soft yet modern look. Easy side by side installation allows for clean lines and consistent aesthetics, while its simple and seamless application compliments any interior design.

### Reliable quality

This new range also offers a wide range of accessories which are unobtrusive, durable and practical. Manufactured using high grade polycarbonate material, and compliant to IEC, British, Malaysia and Singapore standards; installing R-Series will give you and your customers total peace of mind.

### Easy installation

- > Effortless installation with easy snap-on front plates
- > Slim switch module for ease of wall mounting
- > Oblong mounting eyelet for perfect alignment
- > 4 eyelets allow for freedom of mounting orientation (flexible application to various interior design concepts)

### Wide range

- > Up to 4 unit-panel gang surround
- > Rotatable orientation for all switches
- > High performance 16AX switches
- > High capability to support demanding lighting applications
