Award-winning Designs Beauty in limitless possibilities

AvatarOn is a revolutionary suite of switches that takes personalization to the next level with its vast range of customizable covers. Architected as a perfect union of form and function, the AvatarOn switch series offers infinite design flexibility to satisfy ever-changing aesthetic tastes while meeting the practical requirements of living spaces.

Our patented “Slim Rocker, Sure Click” (SS) technology gives AvatarOn softer-press, flutter-free switching that reduces vibration and sparks, securing safety, reliability and durability within an incredibly slim, feather-light and mirror-smooth profile.

In 2017, AvatarOn earned the prestigious iF Design Award, one of the world’s most authoritative and recognized seal of design excellence, quality and trust. A landmark testament to its ingenious beauty, this recognition establishes AvatarOn as an industry benchmark in innovative craftsmanship and product customization.

Perfect Canvas for Your Imagination

Customized. Personal. Relevant.

Today's design trends put premium on individuality. AvatarOn's mirror-smooth surface is the ideal canvas for DIY customization that allows end users to stamp their living quarters with an original touch. With a dolly tailored to bring your unique concepts to life, imagine the endless possibilities!

Customizable Cover for Every Room Design

In creating your personal space, the smallest detail can make a big impact. The new standard in design flexibility, AvatarOn's diverse range of snap-on replaceable covers seamlessly integrates into any interior concept. With the one-hand cover removal, customizing your dolly is as easy as changing your mobile case.

Timeless Standards

In harmony with every interior style, AvatarOn switch covers are finished in classic bases of white and dark wood materials that never go out of fashion.

Alluring Designs[^]

Refined tastes crave elegantly matched accents. The Award-winning AvatarOn switches are available in design templates such as marble, light wood and brushed gold among other luxe choices. Please approach your local sales office for the full range of designs available.

Custom Patterns[^]

Stand out by blending in discreetly. Dress your walls as a perfect spread with switches beautifully camouflaged in custom patterns covers of AvatarOn.

DIY photos[^]

Click on happy with every flick of an AvatarOn switch imprinted with a special captured moment.

Sleek Elegance, Chic Minimalism

AvatarOn redefines switch aesthetics excellence with its signature frameless unitary design encased in a sleek silhouette that flawlessly blends into any interior setting.

Thanks to the innovative SS mechanism, the AvatarOn switch displays an overall slim profile despite the jumbo dolly that provides end users a smooth, polished, easy-mount faceplate to style DIY or replace and upgrade anytime. Invisible in daylight, soft LED locators discreetly illuminate the exact location of each switch in the dark.

In addition, its resistance to corrosion, heat and impact overall means longer visual and tactile enjoyment of AvatarOn's uninhibited design solutions.

Multipurpose Accessories for Accessible Convenience

AvatarOn integrates ease into your fast-paced lifestyle with the optional, additional functionality of dual USB charging ports with a mobile holder.

Creating Limitless Possibilities

AvatarOn offers an array of switches and controls for superb functionality.
